-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136 (a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).
- Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

Art Unit: 1724

The disclosure is objected to because the paragraph replaced beginning at line 24 on page 2 of the specification appears to be incomplete, since it ends with the word "The" and therefore fails to include the last complete sentence of the original paragraph appearing in lines 9-10 on page 3 of the specification. Appropriate correction is required.

Applicant's election of Group I, claims 1 and 3-12, in Paper No. 11 (filed February 13, 2002) is acknowledged. Because Applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, this election has been treated as an election without traverse (MPEP § 818.03(a)).

Also, the above noted response contains a statement that "Applicants elect the support structure species of a metal wire (consistent with the present amendment) and elect the sample collection substrate species of organic aerogels." It is pointed out, however, that "metal wire" is deemed to be a subgenus, not species, of a support structure. The term "metal wire" is deemed to include the following patentably distinct species:

- (1) stainless steel; and
- (2) alloys of iron, nickel, cobalt and manganese (identified by the trademark Kovar® in the specification).

Accordingly, Applicant is required under 35 U.S.C. 121 to elect a single disclosed metal wire support structure species for

Art Unit: 1724

prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claims 1 and 3-12 appear to be generic to "metal wire."

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, Applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, Applicant must indicate which are readable upon the elected species. See MPEP § 809.02(a).

Should Applicant traverse on the ground that the species are not patentably distinct, Applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or

admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to I. Cintins whose telephone number is (703) 308-3840. The examiner can normally be reached on Monday through Friday from 8:30 AM to 5:00 PM.

The fax phone numbers for this art unit are: (703) 872-9311 for "Official" faxes after Final Rejection; (703) 872-9310 for all other "Official" faxes; and (703) 872-9492 for "Draft" and other "Unofficial" faxes.

Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (703) 308-0661.
